

**No. 385. Order of the Commissioner of the District of Nicosia under the Goats Laws, 1913 to 1937.**

In exercise of the powers vested in me by the Goats Laws, 1913 to 1937, I, David Athelstane Percival, Commissioner of the District of Nicosia, do hereby order that the village of Katydhata, in the District of Nicosia, shall be a prescribed village within the meaning of the Goats Laws, 1913 to 1937.

Nicosia,  
18th November, 1944.

D. A. PERCIVAL,  
Commissioner, Nicosia.  
(M.P. 998/13/48.)

**No. 386. Corrigendum.**

For the word "by" in the first line of the Order in Council No. 2142 published in the *Gazette* of the 30th November, 1944, under Notification No. 372, read "on".

**No. 387. THE DEFENCE (CONTROL OF OILBURNERS) ORDER, 1944.**

NOTICE No. 10 UNDER CLAUSE 2.

I hereby specify the following to be a "Controlled Oilburner" for the purposes of the above Order:—

*Description.*

1. The various models of Oilburner called and known as the "Sun-shine" oilburner.

2. The "Sun-shine" burner is of the self emerging type and consists of an oil feed pipe in two pieces leading on to two preheater chambers of closed domed structure, permanently joined together by a short length of pipe welded into them, the further one from the feed pipe being pierced on its upper surface by two small holes at an angle of 160° to each other at either side of an upright column carrying a dished plate spreader.

3. The "Sun-shine" burner operates as follows:—

Primary heating is obtained by lighting a small fire of waste or similar material under the preheaters and when these are sufficiently hot oil is fed to them from the supply tank, the vaporized oil escapes through the two small holes on the main preheater and on ignition impinges on the dished plate spreader which is supported by a small pipe fixed to the top of the preheater. This plate serves to deflect some of the heat generated back on to the preheaters for vaporizing the oil and also to deflect the flames of the apparatus from coming into direct contact with the bottom of the still or boiler in which the burner is working.

G. W. CHAPMAN,  
Acting Conservator of Forests.

**No. 388. The Irrigation Divisions (Villages) Laws, 1938 and 1944.**

In pursuance of the provisions of section 19 of the Irrigation Divisions (Villages) Laws, 1938 and 1944, the following rules made by the Committee of the Irrigation Division of Akapnou, in the District of Limassol, are published in the *Gazette*.

IRRIGATION DIVISION OF AKAPNOU.

*Rules.*

*Gazette :*  
*Supplement*  
*No. 3 :*  
*2.12.1938*

1. These rules may be cited as the Irrigation Division of Akapnou (Amendment) Rules, 1944, and shall be read as one with the Irrigation Division of Akapnou Rules, 1938, (hereinafter referred to as "the principal Rules"), and the principal Rules and these rules may together be cited as the Irrigation Division of Akapnou Rules, 1938 and 1944.

2. Rule 5 of the principal Rules is hereby amended by the deletion therefrom of the words "two shillings" and the substitution therefor of the words "ten shillings".

(M.P. 1291/38.)
