

No. 1281.

THE ELECTRICITY DEVELOPMENT LAWS, 1952 TO 1954.

REGULATIONS MADE BY THE ELECTRICITY AUTHORITY OF CYPRUS
UNDER SECTION 44.

In exercise of the powers vested in it by section 44 of the Electricity Development Laws, 1952 to 1954, the Electricity Authority of Cyprus hereby makes the following Regulations:—

1. These Regulations may be cited as the Electricity Development (Amendment) Regulations, 1956, and shall be read as one with the Electricity Development Regulations, 1954 to 1955, (hereinafter referred to as “the principal Regulations”) and the principal Regulations and these Regulations may together be cited as the Electricity Development Regulations, 1954 to 1956.

2. The Fifth Schedule to the principal Regulations is hereby amended as follows:—

- (a) By the deletion of the words “ And for each unit supplied . . 11 mils per unit ” in Rate 2 (line 10) of the Rates of Charges and the substitution therefor of the following words :

“ And for each unit supplied 8 mils per unit ”.

- (b) By the deletion of Rate 4 of the Rates of Charges and the substitution therefor of the following Rate :

“ Rate 4.—So long as the Authority is reasonably satisfied as to the capacity of the apparatus for the time being installed in the premises for lighting, heating and other purposes respectively, and that the capacity of such apparatus does not exceed 50 kVA the consumer may elect to be charged according to the following Two-Part rate :

An annual fixed charge payable in equal monthly amounts calculated as follows :

For each 100 watts or part thereof of

lighting installed 100 mils per month.

For each 500 watts or part thereof of

heating, motors or other apparatus
installed 175 mils per month.

And for each unit supplied 11 mils per unit.

Where the consumer elects to be charged according to the Two-Part rate, he shall be liable to pay according to that rate for not less than 12 consecutive months.

The consumer shall immediately give notice to the Authority of any addition to the lighting, and/or other apparatus installed and in the event of failure to give such notice, the consumer shall be liable to be charged for all electricity supplied in accordance with Rate 3 from the date the additional lighting and/or other apparatus was installed or from the date of the last previous meter reading, whichever is the earlier.”

- (c) By the deletion of Rate 5 of the Rates of Charges and the substitution therefor of the following Rate :

“ Rate 5.—Where the capacity of the apparatus installed for lighting, heating and other purposes is 20 kVA or more, the consumer may elect to be charged on the following Two-Part rate :

A fixed annual charge for each kVA or
part thereof of maximum demand in
the year payable in equal monthly
amounts at the rate of 850 mils per month.

For the first 1,000 units supplied per annum per kVA of maximum demand 11 mils per unit.

For all additional units supplied in the year 10 mils per unit.

Where the consumer elects to be charged according to this rate, he shall be liable to pay according to the rate for not less than 12 consecutive months.

For the purpose of ascertaining the maximum demand, the Authority will provide and maintain a suitable instrument. The maximum demand shall be deemed to be the greatest maximum demand during the account month or in any preceding 11 months, whichever is the greater, and during the first year of account the maximum demand shall be deemed to be the greatest maximum demand up to and including the account month, and the charges shall be adjusted accordingly. No maximum demand shall be deemed to be less than 20 kVA."

(d) By the deletion of Rate 7 of the Rates of Charges and the substitution therefor of the following Rate :

"Rate 7.—So long as the Authority is reasonably satisfied as to the capacity of the apparatus for the time being installed in the premises for lighting, motive power, heating and other purposes respectively, and that the capacity of such apparatus does not exceed 50 kVA, the consumer may elect to be charged according to the following :

For each 100 watts or part thereof of lighting installed 100 mils per month.

For each 500 watts or part thereof of apparatus for motive power or other purposes 125 mils per month.

And for each unit supplied 11 mils per unit.

Where the supply is used for the purpose of electric arc or resistance welding, a service charge will be payable in addition to the aforementioned charges, as follows :

For each kilo-volt-ampere or part thereof of the nominal kilo-volt-ampere rating of the largest machine installed .. 111 mils per month.

And for each kilo-volt-ampere or part thereof of the nominal kilo-volt-ampere rating of each additional machine installed 11 mils per month.

Where the consumer elects to be charged according to the Two-Part rate he shall be liable to pay according to that rate for not less than 12 consecutive months.

The consumer shall immediately give notice to the Authority of an addition to the lighting and/or other apparatus installed and in the event of failure to give such notice, the consumer shall be liable to be charged for all electricity supplied in accordance with Rate 6 from the date the additional lighting and/or other apparatus was installed or from the date of the last previous reading of the meter whichever is the earlier."

- (e) By the deletion of Rate 8 of the Rates of Charges and the substitution therefor of the following Rate :

“ *Rate 8.*—So long as the Authority is reasonably satisfied as to the capacity of the lighting and apparatus for the time being installed in the premises and that the capacity of such lighting and apparatus exceeds 20 kVA the consumer may elect to be charged according to the following :

40 units per month per kVA of the total capacity of the lighting and apparatus installed whether electricity to that amount is used or not at 10 mils per unit.

For the next 40 units used per month per kVA of the total capacity of the lighting and apparatus installed at .. 8 mils per unit.

All units used in excess of 80 units per month per kVA of the total capacity of the lighting and apparatus installed at 7 mils per unit.

The unit charge for units supplied in any one month shall be increased or reduced by 0.025 mils for every 50 mils by which the cost of fuel per metric ton delivered to the Authority's Generating Station shall be above or below £7.500 mils per metric ton.

Where the supply is used for the purpose of electric arc or resistance welding, a service charge will be payable in addition to the aforementioned charges, as follows :

For each kilo-volt-ampere or part thereof of the nominal kilo-volt-ampere rating of the largest machine installed 111 mils per month.

And for each kilo-volt-ampere or part thereof of the nominal kilo-volt-ampere rating of each additional machine installed 11 mils per month.

The consumer shall immediately give notice to the Authority of any addition to the lighting and/or other apparatus installed, and, in the event of failure to give such notice, the consumer shall be liable to be charged for all electricity in accordance with Rate 6 from the date the additional lighting and/or other apparatus was installed or from the date of the last previous reading of the meter whichever is the earlier.”

3. These Regulations shall come into force on the 1st day of January, 1957.

The above Regulations have been approved by His Excellency the Governor.
(M.P. 11467/55.)
