EXPLANATORY NOTE.

(This Note is not part of the Licence but is intended to indicate its general purport.)

This Open Import Licence which comes into effect on the 1st January, 1959 liberalises the import of a wide range of dollar goods which, in view of foreign exchange considerations, were hitherto restricted.

The import of many goods included in this Open Import Licence is subject to a permit under the hand of the Director of Agriculture or other appropriate Authority as the case may be. The fact that any such goods are included in this Open Import Licence does not mean that import will be permitted unless the importer holds the necessary permit from the Appropriate Authority.
